“ Sir was a good friend- quick to make you laugh, even quicker to support you in a time of need.

My condolences to his family.

“ I was saddened by the news of Sir Fredrick passing. My heart going out to his wife & kids. I met Sir at Sandburg he always had smile on his face that brighten my day up for the morning. Sir was very nice and will help out any way he can . The memories I have will never be forgotten. May God be with you all at this difficult time.

“ I worked at Sandburg for 3 years, a little over half of that was under Finnie's supervision. It's shocking to hear that he passed at such a young age, and equally depressing. He was a great and funny guy who always lightened the mood in a stressful environment. On behalf of all other employees of Sandburg, he'll be dearly missed.

“ In my time working at UWM with Finnie I was going through a pretty rough patch. I often showed up to work in a bad mood and Finnie could always tell when something was wrong. He was always there to encourage me to do my best and remind me that everything was gonna work out. We shared so many laughs and memories in my two years of working at the cafe. I watched him help and teach so many others there, including myself. I wish I had gone back to visit after I left. I will never forget him. Prayers and love to his family and friends. Rest easy.

“ I was blessed to have been able to spend 3 years with Finnie as a colleague at UWM. His calming influence around a hectic kitchen helped staff day in and day out. What was special to me about Finnie was that in addition to the calming nature of him, he cared deeply about the success of the operations and made sure that everyone was being treated fairly. He would get his hands dirty when needed and jump right in to assist. I enjoyed talking about the Bucks, Movies/Series, but most of all the time talking about his family and the excitement he showed when gearing up for his annual driving trip down south during the spring break recess. My thoughts and prayers with the family during this difficult time.

“ My condolences, thoughts & prayers. I was honored to work side by side with Finnie for the past two months. I only knew him for a brief time, but he has impacted my life forever. In the short time we worked together, he made it feel like I had known him for years. His calming demeanor was a godsend at work. He touched the lives of so many, including the inmates. There were many tears the day we heard the devastating news of his passing. May you find comfort in knowing that we miss him dearly and he truly was a great man. Family was everything to him. He would light up as he talked through his watch. Always said, have to take time to talk to my babies. If there is anything I can do, please let me know.
